

Returning Work on Google Classroom

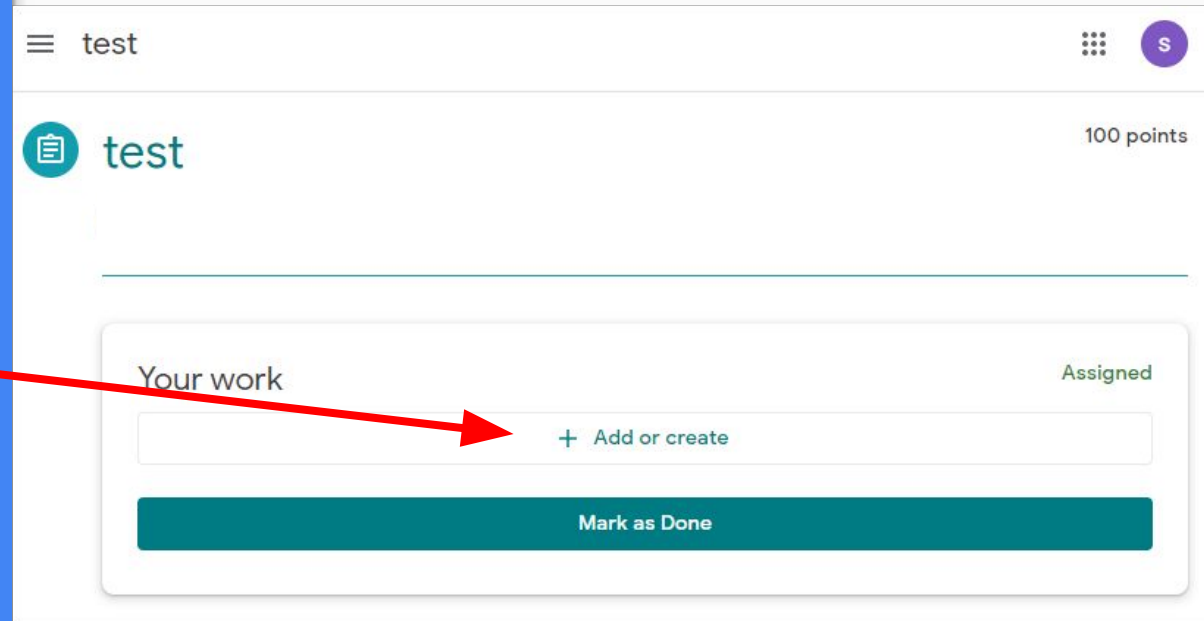

Select Work

Click on the assignment in the classwork tab that you are returning work on.

Click on the Add or Create Button

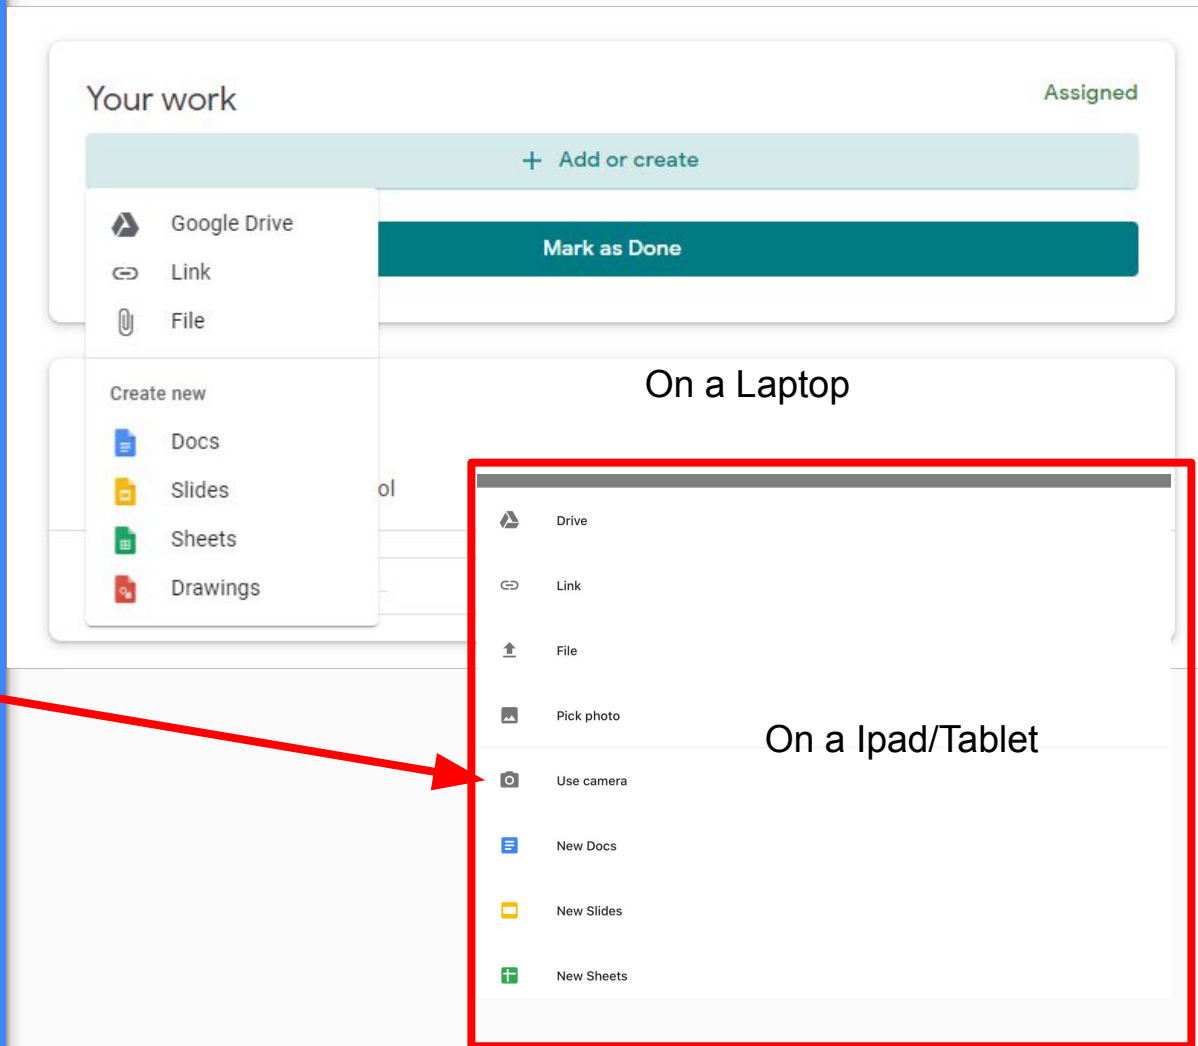

In the your work section click on the button add or create.

What work are you doing?

If you are starting a piece of work on the device then choose what you want to create.

If you have done some work on paper. On an iPad, tablet or phone you can take a photo of the work and attach this for the teacher to respond to.

Submit your work

Click the Hand in button and then in the pop up box click hand in as well.

If you want to add more work to it at a different time you can unsubmit it and add more photos etc to it.

 test 100 points
